## Referrals

All patients require a valid referral from a specialist or general practitioner. Referrals have an expiry date so you will be asked to bring a new referral when your referral has expired. As a general rule referrals from a general practitioner are valid for 12 months and from a specialist for 3 months.

**Please note that the referral period commences from the day you present the referral at your consultation at our Unit. This referral CANNOT be swapped between doctors. A Referral must be presented within 12 months of your doctor writing it otherwise it will have expired.**

## Billing

Billing varies depending on the doctor you are seeing. You will have been advised of the fee, payable on the day, at the time of making your appointment. The same applies if you are an overseas visitor. As a general rule patients receiving a full government pension are bulk billed.

## Waiting times

All patients are seen in appointment order. Whilst every effort is made to see you as close to your appointment time as possible, due to unexpected delays such as emergencies and complicated cases, you may have to wait past your appointed time. For this reason please set aside adequate time to attend your appointment.

## How do I book my next visit?

If the doctor asked you to return for a follow-up visit or treatment, please make an appointment at the reception desk before you leave. We are able to book appointments up to 12 months in advance.
